SUMMARY

As a BCA student specializing in full-stack development, I have gained strong skills in both front-end and back-end technologies through hands-on projects. I consistently demonstrate responsibility and adaptability by proactively taking on challenges and seeking opportunities to expand my skills in dynamic environments. I have developed web applications using various technologies and completed several significant projects during my internship

PROJECTS

Web Development Projects

- Finished web development projects using HTML, CSS, JavaScript, and React to build responsive, functional websites
- Responsive E-commerce Website built with HTML, CSS, JavaScript & Bootstrap
- Responsive To-Do List Web Application
- Basic Calculator featuring responsive design
- Portfolio created using HTML, CSS, JavaScript

EXPERIENCE

Web Development Intern
Unified Mentor | Remote
📅 02/2025 04/2025 📍 Chennai, Tamil Nadu
Internship

- Improved responsive and user-friendly web applications using HTML, CSS, JavaScript, and React.js.
- Generated functional projects including a To-Do List Application and a Basic Calculator as part of internship tasks.
- Executed reusable components and maintained code quality following best UI/UX practices.
- Collaborated with the team to troubleshoot, debug, and optimize application performance.
- Improved understanding of frontend and full-stack development, improving hands-on skills in real-time project environments.

Certification

Internship Certificate in Web Development – Unified Mentor

• Developed and executed core features for a To-Do List and an E-commerce Website during a full-stack web development internship, contributing to both front-end and back-end functionality

Web Development Certification from I.T.VEDANT Education Pvt. Ltd

• Enhanced proficiency in front-end technologies such as HTML, CSS, JavaScript, and Bootstrap by developing responsive web pages and applied interactive user interfaces in multiple projects

JavaScript Certification from I.T.VEDANT Education Pvt. Ltd

• Improved proficiency in JavaScript fundamentals, mastered DOM manipulation, and implemented dynamic web functionality.

HDFD(Honours Diploma in Full Stack Development)

• concluded hands-on projects and exercises using C, C++, Java, JavaScript, and React to apply programming concepts in practical scenarios.

- -

Achievements

Project Completion

• Led the design and development of multiple web projects, including an E-Commerce Website, To-Do List, and Portfolio Website, enhancing user experience and achieving project objectives.

Internship Recognition

• Commended for successfully collaborating on 2 key projects and receiving positive feedback from supervisors for proactive contributions during internship at Unified Mentor.

Web Application Development

• Built and deployed functional web applications using HTML, CSS, JavaScript, and React, overcoming tight project deadlines to deliver robust solutions that enhanced user engagement.
